CHASSE RES

Dear Sir and Madam,

Thank you to have paid attention to Edouard TRAVIES (1809-1870).

He was a French artist well-known around the world at the end of the 19th century. He mainly devoted his talent to ornithology and he studied insects.

He painted many "trompe l'oeil" and still lives.

He was never better than in painting feathers.

His brother Charles Joseph TRAVIES (1804-1859) was better known for his pictorial works on Parisian popular and political life.

Madame, Monsieur,

Nous vous remercions d'avoir prêté attention à Edouard TRAVIES.

Artiste français de renom international de la fin du 19ème siècle (1809-1870), il se consacra essentiellement à l'ornithologie et à l'étude des insectes.

Il fit beaucoup de « trompe l'œil » et de natures mortes.

Il excellait dans la représentation de la plume.

Son frère Charles Joseph TRAVIES (1804-1859) est plus connu pour ses travaux sur la vie populaire et politique parisienne.
