Welcome to my site! 😊

Whether you're a collector or just feeling nostalgic, I invite you to discover my dollhouse collection!

- Lundby of Sweden
- Lisa of Denmark
- Hanse of Scandinavia
- Caroline's Home from Barton
- Jean - West Germany
- "La Maison de Sonia" from Delavennat

All these brands have a history, sometimes dating back over 50 years. Let yourself be swept up in the magic as we step back in time together.

I hope you'll find answers to all your questions on this site: the history of each brand, how to identify your dollhouse, where to find a dollhouse, and how to accessorize and decorate it. If you have specific questions, feel free to ask. I will be delighted to reply and perhaps lend a hand. 😊

Enjoy your visit!

😊 Valérie

Please check my blog (link at the bottom of this page) for a wealth of useful information like how to date your Stockholm house, the different Lundby car models, the history of the Jean - West Germany brand, and more in-depth research on the Lisa brand.

My latest acquisition: a No. 525 chalet from Lisa of Denmark! Photos coming soon!
